

Streamlined Sales and Use Tax

The information in this publication has not yet been updated to reflect the changes from the Streamlined Sales and Use Tax legislation (P.L. 2005, c.126) that took effect October 1, 2005. [Continue to the next page](#) to view the current version of this publication.

Vending Machines & New Jersey Sales Tax

Publication ANJ-16

Introduction

The taxability of sales made through coin-operated vending machines is based on several factors. This bulletin will clarify the different tax treatments required on a variety of vending transactions.

Nonfood Items

The gross receipts from all sales of tangible personal property (other than food and drink) such as laundry detergent, cigarettes, nail clippers, barrettes, and bobby pins sold through coin-operated vending machines are taxable. Sales of items which are exempt by law, such as clothing and footwear (e.g., shoe laces and bathing caps), as well as sales of any items for 25 cents or less, are not taxable and should be deducted from gross receipts before calculating tax.

Postage stamps purchased for mailing purposes **only** are exempt from tax. Stamps (postage and other) purchased as collector's items are taxable.

To calculate the tax due on receipts from the sale of taxable nonfood items, multiply the total gross receipts (less exempt sales if any) by the current sales tax rate (7%). Follow the example below.

Example:

Receipts from sales of nonfood items	\$ 1,000
Tax due ($\$1,000 \times 7\%$ sales tax rate)	\$ 70

Food and Drink

Sales of food and drink for 26 cents or more through coin-operated vending machines are taxable. The only exceptions to this are the sale of milk and sales in cafeterias or other eating facilities in elementary or secondary schools, and institutions of higher education. Student lounges, dormitories, gymnasiums, libraries, etc. are *not* considered to be eating facilities.

Operators of vending machines which dispense food and drink must report and pay sales tax on the wholesale price of these items. The wholesale price is defined as 70% of the retail vending machine selling price. The receipts from the sales of exempt items should be deducted from gross receipts prior to calculating the tax. To calculate the tax due on sales of food and drink, subtract sales of milk and 30% of sales of food and beverages from total vending machine sales. Then multiply this amount by the current sales tax rate of 7%.

Example:

Receipts from sales of milk	\$1,000	
Receipts from sales of food and beverages (other than milk)	<u>\$8,000</u>	
Total vending machine sales		\$9,000
Less deductions:		
Milk	\$1,000	
30% of sales of food and beverages (other than milk) ($\$8,000 \times 30\%$)	<u>\$2,400</u>	
Total deductions		<u>\$3,400</u>
Sales subject to tax		<u>\$5,600</u>
Tax due ($\$5,600 \times 7\%$ sales tax rate)		\$ 392

Registration

Vendors operating coin-operated vending machines must register with New Jersey in order to do business in this State by filing a **Business Registration Application (Form NJ-REG)**. One sales tax registration number will be given to each vendor for all machines. On each machine there must be the following statement: "This vending machine is operated by Name of Vendor at Place of Business of Vendor" and "New Jersey Sales Tax Registration Number _____."

A Public Records Filing may also be required depending upon the type of business ownership. More information on Public Records Filing is available in the New Jersey Complete Business Registration Package (NJ REG) or by calling 609-292-9292.

Resale

The vendor may purchase all items to be sold through coin-operated vending machines without paying New Jersey sales tax by issuing a **Resale Certificate (Form ST-3)** to a supplier who is registered to accept such certificates. If the vendor purchases the items out-of-State, the vendor may have to pay the other state's sales tax. For further information on out-of-State purchases and on the use of exemption certificates, see publication ANJ-10, *Out-of-State Sales & New Jersey Sales Tax*, and Tax Topic Bulletin S&U-6, *Sales Tax Exemption Certificates*.
